**WHEN HISTORY MEETS CREATIVITY:
 A Strong Foothold to
 Keep Moving Forward**

YES! INTERNAL AUDIT CAN BE CREATIVE AND INNOVATIVE!

The most valuable and creative internal auditors stay abreast of business trends, constantly cast their eyes to the horizon to scan for signs of trouble, and are able to anticipate future challenges and risks. They also learnt from the past experiences, historical moments, as a strong basis of crafting careful recommendations for their organization's future. Like a combination of wisdom and divergent thinking, constantly creating ideas of improvement while at the same time learn from the history not to repeat the same mistakes.

Bandung, one of Creative Cities selected by UNESCO in 2015, home to 2.5 million inhabitants, is an innovative hub for creativity and young entrepreneurship. It has long been known globally with historical events. Bandung Sea of Fire, Asian-African Conference are among the famous historical memories of this city.

In Bandung, where history meets creativity, Internal Auditors are invited to join 2017 IIA Indonesia National Conference.
