Course Description:

Are you new to internal audit? Or a first-time user of The IIA's International Professional Practices Framework (IPPF)? This course is a comprehensive training that offers participants a unique opportunity to develop a foundational and fundamental understanding of the internal audit profession, the internal audit process, and how the IIA's International Professional Practices Framework (IPPF), including the effective 2025 Global Internal Audit Standards serves as the guiding compass for the internal audit activity.
