COVID-19 Is No Black Swan — It's in Technicolor

The consequences of COVID-19 are much greater than one could have imagined from a pandemic in the 21st century. This multifaceted, evolving, and insidious test of our good will, fortitude, and patience is not a black swan whose feathers are all the same color. This swan is in Technicolor.

Be Pandemic Prepared

Adjust to our new normal with practical direction to prepare for potential pandemics, from the novel to the well-known. Environmental, Social, and Governance (ESG) risks are real, and we're ready. Review the latest guidance from health, human services, and disease control and prevention experts.

[IIA members only, access the brief now.](#)

Assess Your Privacy & Data Protection Preparedness

It's time to better understand specific privacy and data protection risks and threats. Only then can relevant controls be developed, implemented, and operated effectively. The framework, audit plan, and implementation discussions will help internal audit departments build their own sound structures.

Seeking Tomorrow's Leaders Today

The search is on for *Internal Auditor's* "2020 Emerging Leaders." This year, the magazine is once again looking for the top young internal auditors from around the world to feature in a special article in the October issue.

[Submit your nomination by 18 May.](#)

Limited Time Only: IIA Certification Testing Online

In response to closed testing centers worldwide, eligible candidates can take the CIA, CRMA, and CIA Specialty Challenge exams via online proctoring. This interim solution, developed to move your career forward despite these difficult times, will be available at the end of April/early May 2020 for a period of 3 months.

[Visit our online proctoring page to learn more.](#)

Tools and Resources

Where Does Internal Audit Fit?

As the regulatory environment around data ethics evolves, all parties certainly must expand their knowledge of this risk. This brief explores organizational conduct and the potential associated reputational and financial damages for failure to establish proper data governance.

[Read the Global Knowledge Brief.](#)

The Responsible Organization

As investors focus on environmental, social, and governance reporting, there is opportunity for internal auditors to get involved and provide assurance.

Just Released! Auditing Credit Risk Management: Art or Science?

Both. It's a balancing act depending on unique situations and an abundance of regulations. New guidance will help auditors navigate the nuances and make the distinctions. Written for financial services auditors, but useful for all practitioners.
